

Locus-specific L1FLnl associations converge on RPE-centered signaling in wet AMD

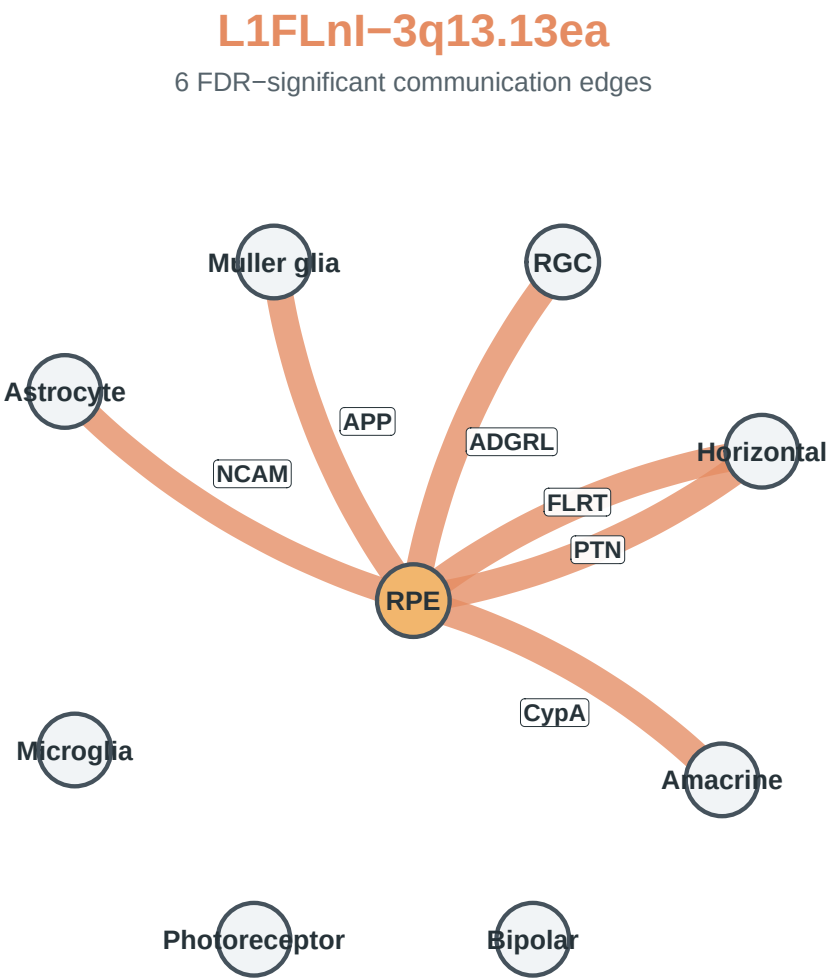

Donor-level locus-CellChat associations surviving BH-FDR < 0.05

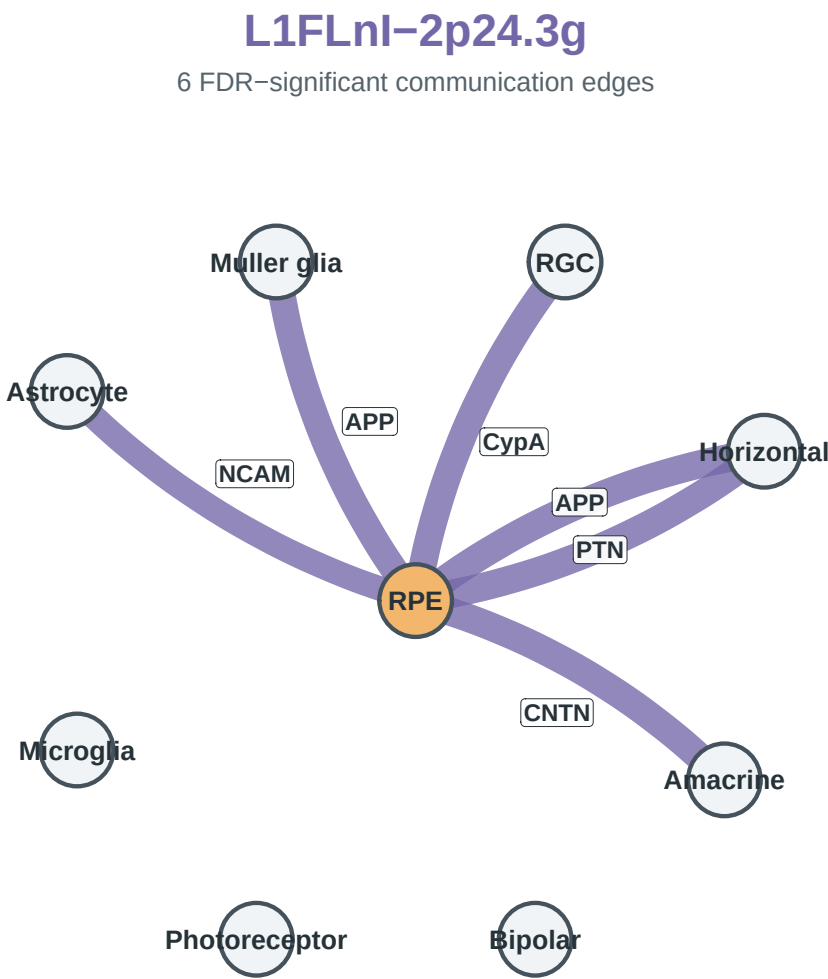

|Pearson r| 0.90 0.95 1.00
Labels indicate the top associated CellChat pathway

|Pearson r| 0.90 0.95 1.00
Labels indicate the top associated CellChat pathway

|Pearson r| 0.90 0.95 1.00
Labels indicate the top associated CellChat pathway

|Pearson r| 0.90 0.95 1.00
